Mike Trump	Member

## SWCD Personnel

Scott Roy	Watershed Manager
Heather Trump	District Technician
Lynda Cowan	Part-time Clerk
Marggie Scott	Part-time Clerk

## USDA Natural Resource Conservation Service

Scott McClure	District Conservationist
Corey Walker	Soil Conservation Technician

World Bird Sanctuary is a not for profit tax exempt Corporation founded in 1977. Their Office of Wildlife Learning (O.W.L.) is located on 130 acres of unspoiled Missouri forest, and is part of the Meramec Greenway, the largest forest next to a city in the entire United States. WBS is an advocate for the conservation of the world's resources. Their main focus is education, reaching 1,500,000 people annually across the United States.

Treating over 250 raptors annually, WBS has been called upon by many government agencies to assist in the rescue and relocation of smuggled and confiscated animals.

World Bird Sanctuary offers many educational and entertaining programs. The "Raptor Awareness Education Program" features birds of prey including falcons, hawks, owls and vultures, some of which are used in flight demonstrations.
